Which Would You Prefer

(There's \$\$\$\$ in Them All)

A Nice Little Home in the City, a Farm, the Kind Not Usually Offered for Sale, or a Water Privilege Which Cannot be Equaled?

THE HOME we have reference to is located on Long street and contains seven conveniently arranged rooms. House is finished in hard wood, has hot and cold water connections, bath-room and is very pleasantly located on a large lot four rods front and eight rods deep. Price of this property, if taken at once, \$2,000.00. Terms easy.

FARM IN MARSHFIELD. Known as the E. Smith place and owned by S. C. Pike. Farm contains 155 acres, is well divided and in a high state of cultivation. There is plenty of both hard and soft wood—an estimate of 100,000 feet. Place will easily carry 20 or 30 cows and team, summer and winter. Nice apple orchard. Property is pleasantly located near school, on R. F. D. route and four miles to railroad station. Buildings are insured for \$1,775.00; assessed for \$1,900.00. Price, \$3,500.00. Terms, \$1,500 down.

THE WATER PRIVILEGE is located about one mile from postoffice and the property consists of saw-mill, all equipped for sawing and dressing lumber. The present horse-power developed is 44 1/2, it being less than one-fourth of the actual power. Experts claim an 80 foot head, which would develop 225 horse-power. This is an excellent opportunity for an electric light plant or some manufacturing plant. It will not remain on the market long at the price asked, \$3,700.00.

For further description of either of these properties, or the chance to look them over, call at the

ABOUT THE STATE.

Items of Interest Gleaned From Our Exchanges.

The Rev. W. J. Remele of Poultney has been secured as pastor of the Congregational church at Waitsfield for one year.

A petition in bankruptcy has been filed by Shelle M. Alger, a laborer of New Haven. He has liabilities of \$385.07, and assets of \$232, of which \$112 are claimed exempt.

Owing to the session of the legislature extending beyond the limit, Judge Loveland Munson has postponed the opening of Lamotte county court at Hyde Park, until Tuesday, December 13.

As Paul Bickford of Barton was trying to remove the powder from a blank cartridge with the sulphur end of a match recently while at school the middle finger on his left hand was blown off to the second joint.

Martin S. Hall, a native of Chelsea, committed suicide at his home in Fitchburg, Mass., November 20 by shooting. It is thought that his mind was unbalanced as the result of ill health. He leaves a wife and one daughter.

Charles R. Sanford, who has been engaged in business at Bennington Center over forty years, has disposed of his stock, etc., entirely to H. P. Woodman, who for twenty years has been with J. Ed Walbridge. Mr. Sanford, who was for many years postmaster, is obliged to go out of business on account of continued poor health.

Homer Darling of Woodstock is showing several pairs of twin apples, each pair growing from a single stem, and having two cores, apparently resulting from double blossoms. These freaks are brought from "White Rock," a wooded place in Wallingford, and are said to be commonly seen there. One stem had triplet apples growing in the same way.

E. E. Bottom of Bennington is offering a reward for the detection of the party that took half a spring lamb from the ally between his store and the court house building Friday morning. He was keeping it for his Sunday dinner and hung in what he thought was the coolest place, but it did not keep. Deputy Sheriff Nash and Godfrey are looking for clues.

Quite a large number of counterfeit coins of the denominations of 25 cent and one cent pieces were found by the Essex Junction merchants in their cash drawers, and in the slot machines, etc., on Wednesday morning. They were well executed and being of small denominations were easily passed. The matter has been investigated and is believed to have been the work of some one who was passing through the place.

The Newbury correspondent of the Groton Times thus expresses himself: After giving the whole subject due and candid deliberation, counting well the cost with an eye dead ahead, our old friend and formerly highly esteemed townsmen, Abner Bailey, has taken to himself a better half. The event happened Wednesday, Nov. 16, and the most fortunate woman was Miss Lois A. Barnard of Lunenburg, Vt. Good luck to you, Abner and wife.

A gross exaggeration is the way the St. Albans correspondent characterizes the statement that the working time at the Central Vermont Railway company's shops will be reduced to three days a week, beginning Monday morning, and that the men will be worked in two gangs, one working the first three days of the week and the other the last three days. Beginning with December 1 the shops will be run on eight hour time, as has been the custom for many years at this season, instead of 9 1/2 hours as at present. The only reason that more hours are not worked is because the shops are not well enough lighted to permit it.

Frank Aldrich of Wilmington, who had twice before broken his leg, is in a rather serious condition as the result of a third accident of the same nature. Mr. Aldrich was endeavoring to close the heavy door of his barn on Tuesday evening when he slipped on a patch of ice and fell, the leg doubling under him. This is the third time the same leg has broken, and the fracture is in the same place where the first one was. On that occasion Mr. Aldrich was struck by a pitchfork in the hands of another person. His second accident was a fall in his pasture, when the leg was broken an inch or two below the present break, which is close to the knee.

Dr. H. L. Watson and his son had a ride down Berlin street hill in Montpelier on Thanksgiving day that reminded them of going down a toboggan chute. While they were driving, a shaft shackle broke, letting the cross bar down on the heels of the horse which ran, after breaking from the carriage, leaving the occupants in the vehicle on the hill. The carriage made a good automobile as it speeded down the hill alone, at a rate which would have rendered the doctor liable if it had been one of the buzz wagons. The only trouble was that a lack of steering gear made the course of the vehicle somewhat uncertain and shortly the carriage turned into the ditch and tipped over, throwing the occupants out, but not injuring them.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil-of sunshine—and of atmosphere—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

The carriage was quite badly smashed, but no further damage was done.

A matter of much interest to the people of Bennington is the announcement that William M. Snow and Harry T. Cushman have succeeded in uncovering what appears to be one of the finest beds of yellow ochre yet discovered along the range of that mineral in Bennington. The deposit lies on the lands of Mr. Snow on the west place of the bluff known as the Hathaway hill, and just across the Hathaway bridge on the outside of the village. It is favorably situated for working. Mr. Cushman has taken a long term lease of the property and has begun to equip it for active operations. The shade is peculiarly bright, a light yellow, while the ochre is so free from grit that it feels almost like putty to the touch. The contracts for building and equipping the plant have been let, and it is expected that the mines will be producing within a couple of months.

Good Investment For Poultry Keepers.

A satisfied customer is the best advertisement a merchant can have. The best method for obtaining such is to give good value for the money invested. Herman Hayford of Eden, Vt., follows this principle successfully with the poultry keepers of his vicinity. Here is a letter from him: "I have used and sold your 'Perfected Poultry Food' for several years with good success and never had a customer but what spoke well of it. I consider it a good investment for those keeping poultry."
